NOCOM HISTORICAL DATA

MANUFACTURING PARTNERSHIP
NOCO
NOCOM 2020

Northern Colorado Manufacturing Partnership is pleased to host the largest manufacturing trade show in the state, showcasing Northern Colorado's expanding manufacturing sector, connecting suppliers, manufacturers, and capital. With 125 booths featured in 2019 and over 900 attendees, the 2020 show is expected to offer more business opportunities than you'll find anywhere else! Proceeds from the trade show fund the NOCO initiatives and programs that fuels our mission of driving a passionate, collaborative partnership to make American manufacturing great.

Who Attends?
Attendees of the show include business owners, presidents, CEOs, sales and business development managers, sales representatives, buyers, marketing coordinators, students, educators and more.

The trade show is hosted on 36,000 square feet exhibitor space which includes manufacturers, supply chain networks and community partners with the addition of presentations by Colorado's manufacturing leaders and a B2B networking event to close out the day.

Who Exhibits?
The show attracts exhibitors from all over the United States, with the majority being Colorado manufacturers. Exhibitors include a variety of manufacturers and their direct supply chain including 3D printing, assemblies, bending, coatings, cutting, engineering & design, fabricating, finishing, grinding, machinery, molding, packaging, production parts, screen printing, software, stamping, testing, tooling, welding and more. Other services that provide support to manufacturing also exhibit along with our public partners. The trade show floor continues to grow each year.
