**MAKING THINGS AND
MAKING THINGS HAPPEN**

HISTORY

Founded in 2013, the NoCo Manufacturing Partnership has grown to be an all-volunteer organization with members representing over 200 manufacturing companies! The Partnership has two primary areas of focus to achieve its purpose of making manufacturing great: workforce development and creating a thriving environment for both Northern Colorado Manufacturers and communities we live in.

Core beliefs include:

1. Altruism
2. Passion about manufacturing
3. Collaboration
4. Manufacturer-driven
5. Integrity & accountability
6. Action-oriented, solving real problems
7. Community-oriented
8. Learning

2018 Regional Manufacturing Advisory Meeting

EVENTS

ALL MANUFACTURER'S MEETINGS

Semi-annual event to network and provide insights for the partnership to grow and develop.

NOCOM TRADESHOW

Colorado's Largest Manufacturing Trade Show! This annual event provides the opportunity to network, build relationships, showcase businesses and strengthen the manufacturing community. The event also features industry experts to provide insights on topics influencing the industry.

IN-SITE TOURS

Show off your best practices and innovative ways to implement changes. We feature one of our manufacturers every other month, touring their facility and showcasing their business while networking with other industry professionals.

LUNCH AND LEARNS

A monthly event that is designed around topics our manufacturer's ask for! We invite you to come and spend some time with us learning new skills. We offer topics ranging from robotics to HR. Lunch is included.

WORKFORCE

Manufacturing training and education are the cornerstones of manufacturing's future. The NoCo Manufacturing Partnership is dedicated to seeding interest and developing innovative ways for students to cultivate the skills that tomorrow's manufacturers need.

Students touring Woodward during Parents Night

We sponsor community college scholarships, internships, mentorships and site visits to help develop the next generation of innovators and manufacturers. With workplace tours and other events, high school students can prepare themselves for careers in manufacturing.
