NoCo Manufacturing Partnership Announces NOCOM Kickoff Reception

Loveland, Colorado, Wednesday, July 28, 2021 — [Northern Colorado Manufacturing Partnership \(NoCO\)](#) has announced that its NOCOM 2021 KICKOFF NETWORKING B2B RECEPTION will be held from 3:30PM to 5:30PM on Wednesday, September 22nd the evening before the [NOCOM Trade Show](#) at the [The Ranch Events Complex](#).

The outdoor NOCOM Kickoff Reception will provide an opportunity to connect, collaborate and celebrate manufacturing in a relaxed and fun environment with manufacturers and partners. Event tickets include beer, wine, hors d'oeuvres and prize drawings. Prizes sponsored by Northern Colorado and Encore Electric. Thank you to our 4th annual B2B event sponsor, [H2 Solutions](#), for making this event possible.

"It has been a tough year for most of us in some way or another and yet here we all are. This year's B2B feels so critical to come together to stand in solidarity and celebrate NOCOM 2021." – **Heidi Hostetter, Founder and CEO, H2 Solutions**

About [H2 Solutions](#)

Previously known as H2 Manufacturing Solutions, H2 pivoted during the Pandemic to provide services to businesses and government outside the Manufacturing Sector. While Manufacturing is still in our blood and our genuine passion, we felt that H2 Solutions better captured what we do. And what we do is make the day-to-day challenges of small businesses more manageable and less frustrating through a combination of technology, training, and support.

About [Tolmar](#)

Tolmar is a fully integrated pharmaceutical company focused on the innovative development, approval, manufacturing, and commercialization of specialty pharmaceuticals. Through a relentless focus on technology, science, partnership, and excellence, Tolmar seeks to advance patient care and deliver value through innovative therapies and services. Tolmar's portfolio includes specialty products for urology, oncology, and dermatology. The invention, development, and worldwide approval of ELIGARD® (leuprolide acetate for injectable suspension) delivers innovation and commitment to the urology, oncology and hospital communities, providers and patients. Tolmar is privately held, with an established Commercial presence across the U.S. and state-of-the-art product development and manufacturing facilities and headquarters based in Northern Colorado.

About [Northern Colorado Manufacturing Partnership](#)

The NoCo Manufacturing Partnership was formed in 2013 because of Governor Hickenlooper's state Economic Development plan called the Colorado Blueprint. The Blueprint identified 11 key sectors of the economy in Colorado by region. Northern Colorado's two main sectors identified were Health and Wellness and Advanced Manufacturing. Regions within the state were encouraged to form sector partnerships to provide more localized grass roots support to augment state efforts in each sector. These would be industry specific, led by business, in partnership with economic development, education and workforce development. A collaboration arose as part of the Blueprint process involving people from each of these affiliations and the NoCo Manufacturing Partnership was born. It continues to be an all-volunteer, business led, FREE membership organization designed to support Northern Colorado manufacturers. It is served by a Board of Directors, representing each affiliation from private business to local government, as well as two active committees: Networking and Manufacturing Talent/Rocks!
